# Performance FlowBoot™

**The FlowBoot protects, supports and allows full movement and circulation.**

- Opening in front creates a bridge to relieve pressure from the digital extensor tendon
- Extra cushion & support to dissipate direct pressure on the superficial digital flexor tendon

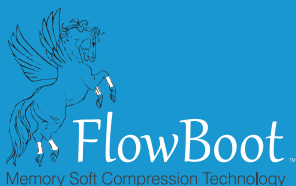

- Supports & protects the ligaments of the proximal sesamoid bones to reduce load & hyper extension
- Grooves correspond to & create bridges over the palmar digital veins ensuring proper blood circulation
- 45° angle allows for proper application of the wrap

## **Our Guarantee**

*We take great pride in the quality of our products and stand behind everything we sell. If you are not completely satisfied with your purchase, you can return it for full product refund. Items must be returned within 45 days of purchase.*

## **Directions**
